

# STEM for Humanity - Officer Application Form (2025-26)

Thank you for your interest in joining the 2025-26 Student Board of the STEM for Humanity Coalition.

The STEM for Humanity Coalition (SFH) is a global non-profit organization dedicated to bridging STEM and society while fostering creativity and compassion in future leaders. SFH was co-founded by Emily Ren, a current student at Brown University, and a group of high school students in 2024, and has been officially registered as a non-profit organization.

SFH brings together passionate individuals dedicated to using their STEM skills for positive social impact. Our student board organizes a variety of events and activities, such as monthly webinars, quarterly newsletters, competitions, and book publications.

Before applying, please note that student board meetings are held at least once a month. If selected as a board member, you are expected to attend all meetings and actively participate in volunteering responsibilities. All board members are encouraged to contribute to the growth and outreach of the STEM for Humanity Coalition.

Please fill out all required fields and submit your application. While our board member positions are open year-round, applications for executive leadership positions, directors, and assistant directors for the 2025-26 student board are due by **11:59pm PDT on July 26th, 2025 Saturday**.

If you are a young innovator eager to make a difference, apply today to become a part of our student board and help drive positive changes in our society!

Please feel free to contact us if you have any questions. Thank you!

Emily Ren
